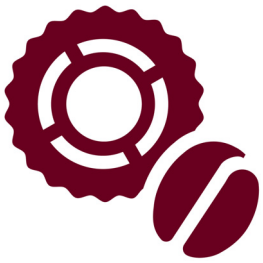
Highlights

One touch espresso from beans

You can get a perfectly brewed espresso, or two at once, right in your cup from freshly ground beans by simply pushing a button and waiting a few seconds.

100% ceramic grinders

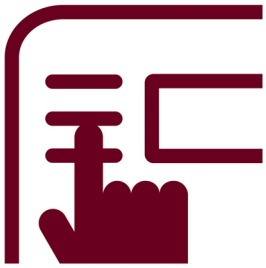


Say goodbye to the taste of burned coffee thanks to 100% ceramic grinders that are designed not to overheat the beans. Ceramic material also ensures long-lasting performance and silent operation.

Adjustable grinding settings

You can adjust the granularity of the grinders at 5 different levels.Choose the finest grinding for a full bodied espresso, all the way up to the coarsest for a lighter coffee, all according to your preferred taste.

Intuitive user interface



The simple and intuitive user interface, with its large buttons, helps you to easily interact with your machine and get the best performance.

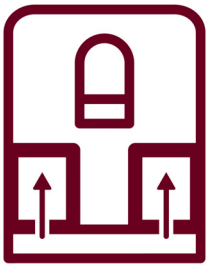
Classic milk frother

The Classic Milk Frother, which baristas also call Pannarello, dispenses steam to help you easily prepare soft milk foam for your cappuccino. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

Length Memo function

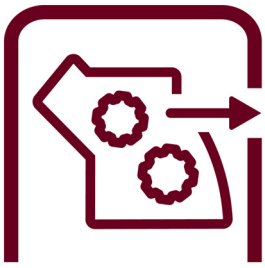
You will always get a perfect cup of coffee brewed to your personal preference thanks to our memo function, which allows you to adjust and save the coffee length in your cup. Enjoy a superb coffee in your favorite cup, all at the touch of a button.

Small size and frontal access



It doesn't matter how big your kitchen is: this machine fits even the smallest spaces, and it is extremely convenient as you can access the water and waste containers from the front. Designed for making your coffee enjoyment easier.

Fully removable brewing group



The brewing group is the heart of every fully automatic coffee machine, and should be cleaned once a week. Our brewing group is easily accessible from the side, and can be removed with just one click for easy washing under the tap.
